Introducing—Our Easier Way to Change Jobs System.

We've created a copyrighted job changing system that makes job hunting easier. It took millions of dollars and years of private work with 100,000 job seekers.

Previously, our founder's books on job hunting were used by millions of people. But with 30 million resumes in circulation, some bold new ideas were called for.

What Make This Special.

- People choose from 25 ways to get interviews, and use what they need.
- People get exciting new style resume samples for all incomes.
- They also get easy-to-copy letter samples that work.
- Anyone's competitive interviewing skills can be lifted dramatically.
- Our system provides solutions for personal situations. For example:
 - How to change industries... or what to if they become unemployed.
 - How to handle age concerns, not having a degree... and more.
 - How to sell transferable skills... and give people a new view of you.
 - How to search long distance or internationally... and dozens more.

Our System is Available Online... in 3 Parts... Digitally

- (1) People start with our short book... *The Easier Way to Change Jobs. System*. It is online with highlights of our system, and also available in print.
- (2) Our system comes in 70 online Briefing Reports, covering all job hunting topics. At 10-12 pages each, in color and illustrated, people just use what they need.
- (3) People also get online, our AUDIO VERSION.
- (4) And, they get 4 online quick reference books on our system for convenient referral in their search. These short books are in color and instantly available.

Full access is for 12 months, including updates.

Our system is easy to use, and the definitive source for job hunting knowledge. For details go to www.careerpace.com.
